The ultimate experience

I have had the pleasure of having a number of facials from Teri. I can only say that I wish every friend I have could experience the beauty of her graciousness, expertise and kindness. I am almost 75 years old and I have had a good many unsatisfactory facials over the years. I am so thankful for Teri in so many ways. Please read the other reviews because every one of the reviews says exactly what my experiences with Teri have been. Her recommended products are worth every penny.

Best of the best!

Teri is so great - a genuine, kind human but also a fantastic esthetician. I came to her because I had massive, painful breakouts in my 30s all of a sudden, and she literally helped so much in just one session. I have continued to go regularly and my skin has improved so much! One of the best things is that she doesn't shy away from extractions or troubled areas and does everything she can to make your skin feel and look better.

More than your average facial!

I have had several facials with Teri and each one was tailored to exactly where I was at the the time - from post breast cancer where she had incredible knowledge about how to handle the special needs of my skin and my missing lymph nodes to my changing post menopausal skin and even just the seasonal changes that come in Colorado with the differing dryness. I could not recommend her any higher!!

Relaxing, healing and educational facial!!

I had a wonderful experience with Teri. I had cancer last year and she is so knowledgeable about what I should and shouldn't do with my skin and around my lymph nodes - things I wish my doctor had told me!! The products she used made my skin look awesome! Not greasy like some facials. I had people for days telling me how good I looked! Definitely going back in 6 weeks!

Relaxing and very clean room with soft music. Loved that I didn't have to leave with bright red brows as she applied highlighter and brow powder to fill them in. Will most definitely be going here from now on!

EXCELLENT

I was very nervous looking for another person to do my eyelashes...I would usually go to Heather...whom is top notch.....but I became sick and Heather was booked!!! I was very panicky searching for someone else....but....Teri is excellent!!! I am very particular when it comes to my lashes because Heather spoiled me...but Teri is excellent...lets just say my bill will get a little higher because I'm getting a facial and eyelashes . She is so warm genuine and professional ...I love her work!!!

First Time Visit - Will definitely go again!

Just had my first visit to Face to Face Esthetics based on a recommendation from a friend. I haven't had a facial in years, and Teri was wonderful about determining the best service for me. She spent time getting to know me and my skin requirements. I decided upon the Minus 10 facial, which was heavenly! Not only was it relaxing, but my skin was glowing when I walked out of there. Teri was great about explaining what she was doing and why, which was very helpful! Can't wait to book my next appt!

Facials and Waxing

Teri is a just a warm, genuine person that you can't help but feel relaxed just walking through the door. I love going to her for facials and her products are fabulous! She also sees my teenager daughter for brow waxing. She is good with her, offering her suggestions and tips. I would highly recommend her, but like another reviewer, I am also selfishly torn between keeping her a secret and telling the world because it is hard to find such a quality skincare professional.

Awesome customer service

Teri provides wonderful, individualized customer service. I appreciate her scheduling as I never feel rushed and she is always on time. Teri continues to obtain updated skills to remain on the cutting edge of new products and techniques. Exceptional

Was looking for an esthetician, as my previous esthetician had retired after 10 years. The qualities being looked for: professional, detailed oriented, medically sound with good infection control techniques, personable, friendly, not patronizing, offering expert advise with the freedom to choose whether it was followed or not. Went to multiple estheticians who fell short. Thought the standard would have to be lowered until I completed an appointment with Teri. She is exceptional.

Great service & products

I have been to Teri for peels, facials and recently eyelash and brow tint. I'm very happy with her service and products. She is one of the few estheticians who use Rhonda Allison products in Colorado. Not only she sells them retail, but uses them in her facials and peels. If you have not used Rhonda Allison product, I would highly visit Teri so you can at least have this product experience. I have not used a different product since I was introduced to Rhonda Allison

Primo Pampering!

I am a fellow esthetician and rarely get to sit back and be on the receiving end of the facial. But I hit the jackpot when Teri's hands worked their magic on my skin. Review from a teen guy!

As a teen guy, I highly recommend Mrs. K.'s professional help to get acne under control -- without using antibiotics & prescription creams! Yes, I've even had several facials, but Mrs. K.'s salon is in her home, so it is NOT an uncomfortable experience for guys. Mrs. K. is knowledgeable, very gentle, and gets results! I have done everything she has told me to do -- everything from what foods to avoid to home skin care (easy routine!). I am VERY happy to report my face is looking good again!

I finally found someone who takes care of my eyebrows! I met Teri several months ago and am so glad that I found her. She has been waxing and tinting my eyebrows and I've been so happy with her work.
